

CLINICAL PROFILE

Jennifer D. Wright, PT, DPT, CERT-DN

Years of Clinical Experience: 6

Jennifer Wright has a passion for her profession that encompasses every aspect of her treatment style. While Jen treats a myriad of orthopedic injuries and conditions, she specializes in the conservative treatment of shoulder impingement, rotator cuff and labral tears, as well as myofascial pain and soft tissue dysfunction. At the forefront of her practice, Jen is skilled at providing manual therapy with the ultimate goal of improving biomechanics, decreasing pain and improving movement. She is also focused on helping each patient understand the reasons why they became injured and how their actions can either correct or perpetuate the issues causing their dysfunction. Jennifer believes that each patient deserves the best care she can provide and she delivers just that with knowledgeable and focused attention which ensures her patients recuperation and return to activity.

Education and Certifications

- **Doctor of Physical Therapy**
Alabama State University - 2015
- **Bachelor of Science – Exercise Science**
Georgia State University - 2005
- **Certified – Trigger Point Dry Needling**
- **Continuing Education – COMT – Exercise Dosing and Soft Tissue; Manual Therapy – Upper Therapy; Manual Therapy – Lower Quarter; Vestibular Rehabilitation – Evaluation, Differential Diagnosis and Management; Certification program in Orthopedic Manual Therapy – in progress**

Jennifer's Vision... I would like for physical therapists to become the provider of choice for musculoskeletal injuries, neurological conditions and workplace consultants for biomechanical assessments. I would love to have improved technology incomparable to that of the fitness industry.
