ORTHOPAEDICS

HAND THERAPIST

Holly Peters, MS, OTR/L, CHT

VISION

“I strive to help people return to their meaningful activities with tailored treatment plans to suit the patient’s needs and diagnosis. I work closely with the physician to ensure a holistic plane of care. I also have a strong interest in mentoring new graduates and educating students in their clinical fieldwork.”

EDUCATION

- Master of Occupational Therapy, University of Pittsburgh
- BS, Public Health, Temple University

POPULATIONS TREATED

I enjoy treating a wide range of diagnoses and specialize in orthopedic injuries, repetitive strain injuries, wound care, and tendon repairs.

I also create custom orthoses to support the healing of an injury or to maximize the patient's motion and function.
