

## CLINICAL PROFILE

## Daniel J. Walker, MPT

**Years of Clinical Experience: 35**

**Daniel Walker** is a clinical veteran with more than 35 years of exceptional patient care to his credit. He is an expert in the field of outpatient orthopedic rehabilitation and treats a wide array of pre and post-surgical conditions and injuries. Daniel specializes in exercise physiology, sports medicine and post-joint replacement rehabilitation. At the forefront of his practice, Daniel provides manual therapy with the ultimate goal of improving biomechanics, decreasing pain and improving movement. He is focused on helping each of his patients understand the reasons why they became injured and how their actions can either correct or perpetuate the issues causing their dysfunction. Daniel is passionate about getting each person back to their pre-injury level of function and is highly skilled at helping patients achieve their goals.
