

CLINICAL PROFILE

Melia Gross, PT, DPT

Years of Clinical Experience: 3

Melia Gross is a valued member of the clinical team who has noteworthy success in the treatment of pre and post-op joint replacement, ACL reconstruction, rotator cuff tendonitis and repair, Achilles tendonitis, and hamstring strain. She is also skilled in the evaluation and rehabilitation of pediatric and adolescent patients. Melia is patient-focused and eager to build on and share her clinical knowledge with her patients as well as to provide them with the power and confidence to live happier and healthier lives. Her competence and enthusiasm is evidenced each day in the one-on-one compassionate care she gives to every patient utilizing her education and clinical proficiency.

Education and Certifications
